**Clevertouch Edge**  
Push collaboration to the edge

DATA  
PROJECTIONS

## A complete all round UC meeting room set up in just one panel, one purchase

Clevertouch Edge gives you complete access to all your favorite apps directly from the screen. With Clevertouch Edge you only need to buy one panel to create a complete all round UC meeting room setup.

### Sleek all-in-one design

The all-in-one design seamlessly integrates an intelligent Sony camera system, advanced audio, interactive whiteboarding, and an intuitive launcher into a single, comprehensive collaboration display. This powerful combination enhances the meetings and provides flexible, creative interactions.

# A total transformation for collaboration in the workplace.

## In-built Sony top-mounted camera

48MP Pixel and 90° FOV with 5M distance focus, ePTZ and face detection auto tracking.

## Quick Launch Digital Buttons

Essential commands and software at your fingertips.

## Access and set up your workplace apps

Using Google play to set up workplace apps and lock the screen to disable download access

## Crystal Clear Audio Experience

Front-mounted 2x 20W speakers and 2x 10W subwoofers

## Advanced Security Protection

Highly secure with the option to lock down settings and functionality.

## In-built Award-Winning Digital Signage

CleverLive software is included with no subscription fees

## Any Screen, Any Time

Login to any connected Clevertouch with your personal profile with Integrated NFC.

## FlatFrog In-Glass™ Technology

The most accurate writing experience

## Secure by design

For a security-conscious company, you can add Edge to your preferred management platform and prohibit access to the Google PlayStore, specific apps, specific settings and users.

Google Admin  
Workspace

Microsoft  
Intune

## Upgrade your solution

Combine Clevertouch Edge with an Intel Windows 10 Pro i5 or i7 OPS to enable you to load your existing apps and software from your network and ensure compatibility with your existing infrastructure.

Custo. Bearita temodiam, cum velis accuptus ent harum-  
que nia in nobistium sit pero etum hitia doluptia nobitas  
peliquo incimus molessere cullaut ut quasit eum ra et

Experience exceptional virtual collaboration camera quality, with AI capabilities to always keep the speaker at the center of the screen.

Adapts to mainstream cloud meeting apps and supports audio and video, 4K data sharing, and dual-stream meetings.

**SONY**

- Camera Pixel 48 MP
- Camera FOV 90°
- 5M Camera Focus Distance
- Auto tracking via face detection
- ePTZ (electronic pan, tilt, and zoom)
- Adapts to common cloud meeting apps
- HD Hardware Encoding and Decoding
- Supports 4k Video
- Voice Tracking

## Powerful Meetings Whenever. Wherever.

Built on the next-gen hardware platform architecture, Clevertouch EDGE is equipped with: Bring Your Own Meeting (BYOM), HD immersive meeting quality, and FlatFrog In-Glass IR pressure-sensitive natural writing experience. Easily adapting to mainstream VR meeting apps, it is a perfect solution for collaboration and communication to fit in any meeting room or space in your building.

### Bring your own meeting (BYOM)

Start a meeting on your laptop and connect to Clevertouch EDGE - it will instantly change from the laptop's camera and audio to the crystal clear Sony 4k camera and immersive audio of EDGE.

## Support your hybrid meeting with your chosen platform

### Platform Agnostic

With Clevertouch Edge, you aren't confined to just one UC platform. You can switch between platforms depending on the requirements of meeting participants.

Connect a laptop via USB-C for 100w charge pass through and access to the camera

# Interactivity in the meeting room

Enhance collaboration. Foster ideas.  
Increase engagement.

## Collaboration for meetings

Whiteboard with our own  
LYNX Whiteboard or use third party  
apps like Miro or Microsoft Whiteboard

Access your files from Google Drive,  
OneDrive, or Dropbox

Utilize images, videos, webpages, pdfs  
and more from leading media sources

A natural feel to writing with  
our new pen

Split-screen mode for simultaneous  
use between two users

Annotate in real-time over  
any document

# Unlock the power of digital signage

Clevertouch EDGE is equipped with built-in digital signage at no extra cost. When the screen is not being used in meetings, you have the ability to switch to a communication channel that shares information in real-time.

## Flexible designs & templates

Users can engage dynamically with a large targeted audience to display messages that incorporate media formats including text, photos/images, videos, web pages, RSS feeds, and social media.

## Live news feeds

Provide easy access to company news and industry relevant information for your employees to keep them on top of developments in fast-moving work environments. Set up custom news for each display and communicate more effectively.

## Content triggering systems

Our systems allow you to set up bulletin alerts and emergency messages for instant communication across your company. Whether you need to update everyone on the latest health and safety guidelines or quickly communicate internal changes, our content triggering systems are there to help.

## Flexibility is key in meetings

In-person, remote or hybrid - Clevershare gives you the freedom to host your meeting, your way. 62% of Enterprise users have more than 3 Unified Communication platforms. You need to be able to enter the meeting room and have the tools available to simply start a meeting on any of those UC platforms, while connecting to the display, audio and visual equipment in the room.

### One-tap to connect

With the App it's just one-tap to connect. No wires, no drivers, no passwords. Colleagues and visitors alike will share the same easy-to-use experience.

## Clevershare App

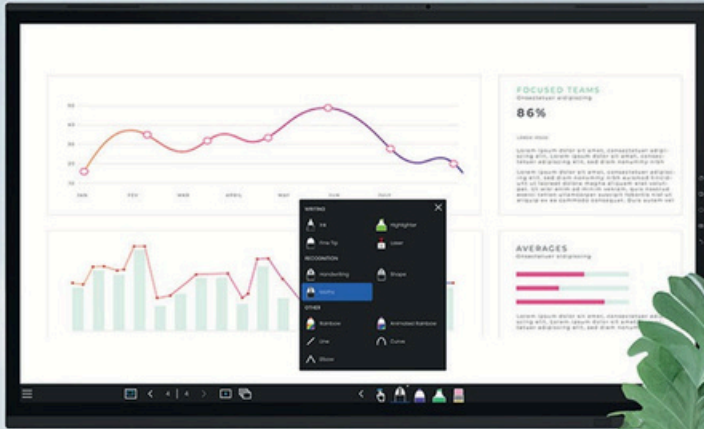

**CLEVERSHARE®**

### Clevershare app

Download it for free to any device. Enter the code from your UX Pro and instantly share content from your device to the large format display.

# Intelligent Whiteboard

**16 ms ultra-low writing latency**  
Synchronous and precise writing on screen

**Handwriting recognition**  
Convert your handwriting and drawings to digital forms

**Multiple pen thicknesses in full color**  
Optional handwriting thickness and unlimited color choices

**Full-screen annotation**  
Taking a snapshot of any webpage or app and pasting it to your whiteboard app for annotation

**Multi-touch gestures**  
Select, move, zoom, and erase with gestures

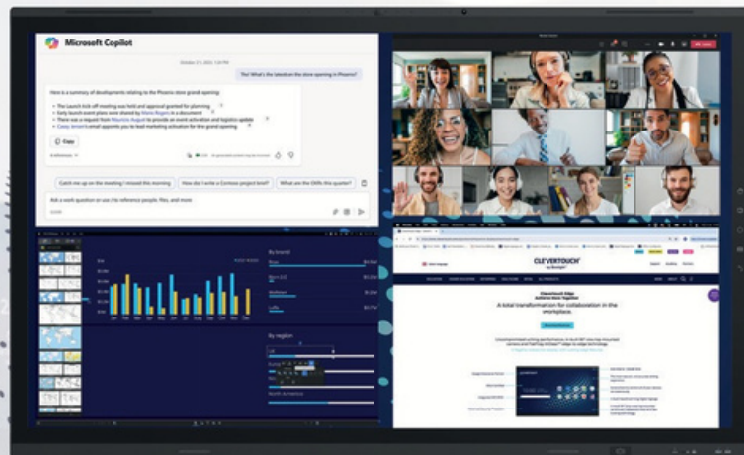

**Remote bidirectional collaboration**  
One tap to share whiteboard content for real-time collaboration

**Scan to take away**  
Scan the QR code to take away whiteboard content

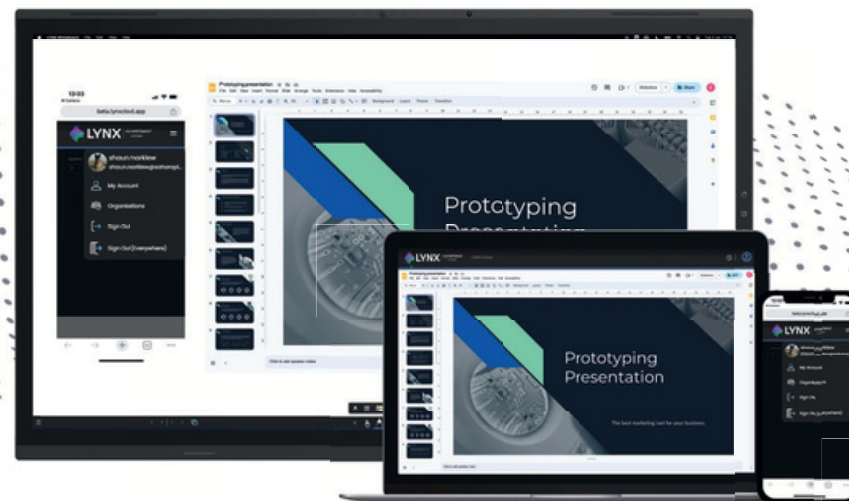

**Co-authoring**  
Two people can write on the whiteboard simultaneously

## Multiple Windows for Multiple Apps

Effortlessly multitask with multiple apps or browsers running simultaneously at top speed without any lag.

## Picture in Picture (PiP)

Picture in Picture (PiP) allows you to connect a separate source, such as a laptop, and view that device's screen as a window within your Clever-touch EDGE display, while simultaneously viewing multiple windows on the screen.

## Here's how Clevertouch can design your office

### Lobby

- 165" CleverWall LED Video Wall
- 55" CM Pro Commercial Display
- Digital signage
- Wayfinding tower

### Reception

- 86" CM Pro Commercial Display
- One-touch digital signage pad
- Sign-in tablet

### Individual Pods

- 43" CM Pro Commercial Display
- Screen sharing technology
- Camera / microphone
- Room booking panel

### Huddle Room

- 65" Clevertouch Edge Interactive Display
- Screen sharing technology
- Camera / microphone
- Room booking panel

### Meeting Room

- 75" CM Pro Commercial Display
- Screen sharing technology
- Camera / microphone
- Room booking panel

### Boardroom

- 86" Clevertouch Edge Interactive Display x2 (dual screen)
- Video bar
- Meeting touch pad
- Room booking panel
